Cascade County Commissioner Jim Larson  
Cascade County Commissioner Joe Briggs

SUBJECT: Planning Board/Zoning Board of Adjustment

We invested in our land and home in 1967 with the expectation it would always be a residential area. Now a portion of that area is being threatened by an Unclassified Use Permit allowance by the board of adjustment to be changed to commercial/industrial (to accommodate Fox Solar Project).

We trust our county government will uphold the long established zone (residential) and not allow re-zoning to negatively affect such a large area. Only a few individuals interested in commercial development would profit. There are agricultural, industrial parks and open areas that would be more suitable for the project.

Please represent the majority in this issue.

Sincerely

FRED OLDS
